Introduction

This bibliography, covering scholarly publications published between 1996 and 2005 (inclusive), provides researchers with a single point of access to the English-language scholarship regarding Muslims in Europe today.

Additional information regarding Muslims in contemporary Europe can be obtained via three recommended websites. The International Institute for the Study of Islam in the Modern World (ISIM) <http://www.isim.nl>, located in the Netherlands, publishes *ISIM News*, a great source of short articles regarding trends in scholarship and analysis of current events; both *ISIM News* and papers from the ISIM lecture series are freely available online. The European Monitoring Centre on Racism and Xenophobia (EUMC) <http://www.eumc.eu.int> provides news, research publications, and a useful database that allows one to find publications, media, or organizations relating to treatment of Muslims (and other groups) in Europe. "Islam and Muslims in Europe" <http://euro-islam.info> is a good source for news, country profiles, and research reports; some of the scholars affiliated with this organization post to the website samples of their articles or book chapters.

Those wishing to do further research may wish to consult these journals for pertinent content: *Encounters: Journal of Inter-Cultural Perspectives, Immigrants and Minorities, International Migration Review, Islam and Christian-Muslim Relations, Journal of Ethnic and Migration Studies, Journal of Muslim Minority Affairs, Muslim World;* non-scholarly treatments can be obtained from *The Economist* or *Europe* (which is published by the Delegation of the Commission of the European Communities), as well as the aforementioned *ISIM News*. The following indexes have proved most useful: *Academic Search Premier, ATLA, Current Contents, Worldwide Political Science Abstracts, Sociological Abstracts, Index Islamicus, Historical Abstracts, PAIS International,* and *ASSIA: Applied Social Sciences Index and Abstracts.*
